RE: Project: Blind Center of Nevada Rehabilitation
 Represents year 2005-2006

HUD has created new race categories. In addition, HUD requires that the Hispanic ethnicity be counted either for every race sub category as applicable or as simply Hispanic.

Hispanic must be counted for each category as appropriate and totaled in column C. Example: White column may have 25 clients, 4 of which are also Hispanic. The White column would have 25 and the Hispanic column would have 4, the total clients would still be 25, do not add the two columns together. There may be other categories that also have Hispanic clients. Therefore, column (C) would have the total Hispanic count for all mixed categories and a final total for mixed clients at the bottom of the column. In addition, the number served for all categories should total, i.e., female and male clients should equal the total number; the numbers in the income columns should also equal the total number. Note: Female Head of Household would not fall under this requirement.
